

Say Bye To  
Pain & Spasm

# Carospas

Drotaverine HCl. 80 mg,  
Mefenamic Acid 250 mg Tablets

## DROTAVERINE

Drotaverine exhibits rapid and direct anti-spasmodic action on the smooth muscle mediated via inhibition of phosphodiesterase - IV , thereby relieving smooth muscle spasm and pain.

## MEFENAMIC ACID

Mefenamic Acid inhibits the enzyme cyclo - oxygenase and reduces the formation of prostaglandins and leukotrienes imparting analgesic and minor anti-inflammatory activity

Indications :
